## PRESS RELEASE

### **Annual Business Survey – Reminder – One Month Past Due** **National Accounts, Balance of Payments and International Investment Position**

One month has nearly passed since the deadline for the return of completed Annual Business Surveys.

The Anguilla Statistics Department (ASD) wishes to thank **ALL** businesses operating in Anguilla who met the deadline of March 31, 2024, for the completion and return of the Annual Business Survey (ABS) 2023 form(s), which will be used in compiling the 2023 National Accounts (NA), Balance of Payments (BOP) and International Investment Position (IIP) estimates for Anguilla.

The data supplied becomes **confidential** and its protection is legislated and guaranteed under the Statistics Act of Anguilla, which also makes the completion of the form(s) **mandatory**. As such, the ASD would appreciate the cooperation of the business community **to avoid having to rely on the Act in relation to actions regarding refusals and non-responses**.

If you have yet to receive a form, have any questions or difficulties when completing the form(s) or accessing information, please do not hesitate to contact Mrs. Lori-Rae Alleyne-Franklin or Mr. Careme Carty for assistance at telephone number (264)-497-5731 or 497-2451 Ext. 1870.

We look forward to providing you with courteous and professional service, as we endeavor to provide “*Sound Statistics for Sustainable Development*”.
