## PRESS RELEASE

To: The Press

From: Chief Statistician – Mrs. Lori-Rae Alleyne-Franklin

Date: May 12, 2022

CC: PS EDICITNR – Mrs. Chanelle Petty-Barrett

**Subject:** Press Release Census #11B – Anguilla Population and Housing Census 2022 – Questions and Answers

---

THE VALLEY – Anguilla is expected to undertake the enumeration phase of the Anguilla Population and Housing (AP&H) Census 2022 in June 2022. **Census Day in Anguilla is Wednesday, June 15, 2022.**

Field officers – enumerators will be out on June 15, 2022 to commence the data collection (enumeration) phase of the Anguilla Population and Housing Census 2022. All residents according to the census definition, all persons living on Anguilla for 6 months or more or intending to do so, will be asked these questions when an enumerator visits their dwelling.

Questions such as; What type of building does this household occupy? What is the MAIN material of the outer walls of the dwelling? What is the MAIN source of drinking water? These are some of the questions on the housing questionnaire that will be administered to the household reference person by the field officer – enumerators. There are at least four (4) sections on the household questionnaire for completion and one (1) section in which householders may provide any comments. The section are include:

- Section 1 – Listing of Household Members
- Section 2 – Relationship of Household Members
- Section 3 – Housing
- Section 4 – Migration and Characteristics of Household Members who moved permanently
- Section 5 – Comments

Not all questions on the household questionnaire may be administered as there is a skip pattern throughout the questionnaire.

Not all information collected by through the AP& H Census 2022 will be evaluated statistically: auxiliary variables such as name and address help us to organize and administer the Census. They are needed, for instance, to make sure that inhabitants are not counted twice and field officers – enumerators and supervisors find the right contact persons. The contact information will be deleted before processing.

More information on the Anguilla Population and Housing Census 2022 can be obtained by contacting the Anguilla Statistics Department on 497-5731 or e-mailing the Anguilla Statistics Department [statistics@gov.ai](mailto:statistics@gov.ai)
