## PRESS RELEASE

### Monthly Tourism Statistics Summary

The Anguilla Statistics Department (ASD), wishes to inform the general public of the delay in the release of the Monthly Tourism Statistics Summary Reports. The last release was for the month of September 2022.

The Department is currently awaiting the administrative data from the source, for data relating to the months of October, November and December 2022.

Once this data have been received, checked and deemed consistent/accurate the ASD will write and publish the respective report within two (2) weeks of the received date.

We continue to crave your patience and understanding as we seek to provide official statistics.

We look forward to continuing to provide you with courteous and professional service, as we endeavor to provide "Sound Statistics for Sustainable Development".
