# **Tourism Statistics Summary – July 2015**

#### **OVERVIEW**

Visitor arrivals to Anguilla, recorded its sixth increase for the year, after recording double digit increases during the 1<sup>st</sup> quarter and two increases within the 2<sup>nd</sup> quarter; the 'slow' season, 'April and June'. During the period July 2015, 18,482 visitors were welcomed to Anguilla's shores; a 14.8% increase from its corresponding 2014 figure of 16,098. This increase was the largest increase experienced for the year so far and the highest recorded number of visitors to the island for the month of July dating back to available recorded figures from 1993.

This increase was due to the increase in both types of visitors; tourists and excursionists, over their corresponding 2014 figure. Most visitor arrivals (98.1%) to Anguilla during July came with the intention of vacationing, while 1.9% came with the intention of doing business.
