

Tourism Statistics Summary

June 2020

OVERVIEW

June's visitor arrivals continue to be at a near standstill as it records 22 visitors gracing our shores, down 99.8% from the 13,042 arrivals in June 2019. This is believed to be entirely due to the COVID-19 global pandemic, which has negatively impacted economies all over the world with countries having to close their borders and/or limit travel to mitigate the spread of the virus.

Anguilla officially closed its border on March 20, 2020 and to date has remained closed. This period under review concluded the 2nd quarter period with only 25 visitor arrivals; a decline of 99.9% over 2nd quarter 2019. The previous months of April and May 2020 recorded visitors of zero (0) and three (3) respectively.

Years (June)
Visitor Arrivals, June 2009 - 2020

PASSENGER MOVEMENT

Passenger arrivals (including both residents and visitors) recorded a decline of 99.3%; down to 145 passengers from June's 2019 figure of 20,743 passengers. This was due to the limited international movement as well as the closure of the ports, including Anguilla's main transit port St. Martin/St. Maarten. However, the movement in comparison to the two previous months may have been as a result of the Government of Anguilla's controlled repatriation exercise.

Anguilla's usual main mode of entry via sea, recorded 1 passenger (0.7%) of the total arrivals; via the port at Sandy Ground. Passenger arrivals at the Clayton J. Lloyd International Airport totalled 144 (99.3%) of total passengers.

Passenger departures recorded a decrease of 99.5% relative to the same period in 2019, with 98 outbound passengers, compared to the recorded 20,743 in June 2019. These passengers may have been made up of visitors who remained after the official closure of the borders and subsequently decided to return to their country of residence.

Passenger departures via the seaports of Anguilla totalled 6 (6.1%), of which 5 (83.3%) left through the Blowing Point terminal and 1 (16.7%) passengers made their exit through the Sandy Ground port. The Clayton J. Lloyd International Airport facilitated 92 (93.9%) of the total departures from Anguilla.

TOURISTS (Stay-Over Visitors)

June's tourist (stay-over visitors) arrivals to Anguilla for 2020 recorded 22 arrivals after two consecutive months of no arrivals for April and May 2020. This represented a decline of 99.7% over its corresponding June 2019 figure of 7,787. The 2nd quarter 2020 recorded 22 arrivals, in comparison to the 23,198 arrivals in the 1st quarter. Noteworthy is the fact that the 2nd quarter 2019 recorded the highest total arrivals for Anguilla for data spanning from 1993-2020, falling to a record low recorded in 2020.

Tourists (Stay-Over Visitors) *continued*

The intended average length of stay of tourists increased to 14.8 days from 7.1 days in June 2019. The majority of tourist arrivals (59.1%), intended to stay for 23 or more days, 36.4% between 1 to 3 days and 4.5% for 8 to 15 days. None of the tourists had any interest in spending 4 to 7 days or 16 to 22 days.

EXCURSIONISTS (Day Trippers)

Excursionist arrivals for the month under review recorded no arrivals after showing a decline of 99.9% in the previous month May 2020, over its corresponding figure.

This 2nd quarter 2020, recorded only 3 arrivals compared to the 17,508 arrivals in 2019. With the closure of the ports and the travel restrictions since March, May 2020 was the only month that recorded arrivals with 3 arrivals of this type of visitor.
